

Create a Member Photo Album

The Member Photo Albums feature is a place where you can display your photographs and share them only with other SANP members. You may create multiple albums with up to fifty photos in each. To optimize image quality and screen performance, size your image files to 2,000 pixels on the longest edge. Follow the procedure below to create your albums and upload your photos.

1. Click your name at the top of any website page to go to your profile.
2. Click the **Edit profile** button.
3. Click the check box: *Photo albums* I have photo albums.

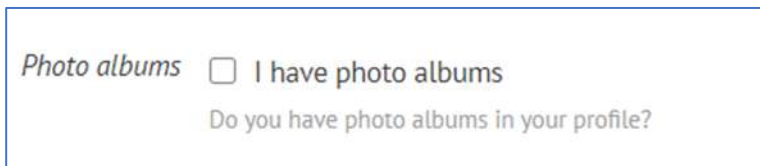

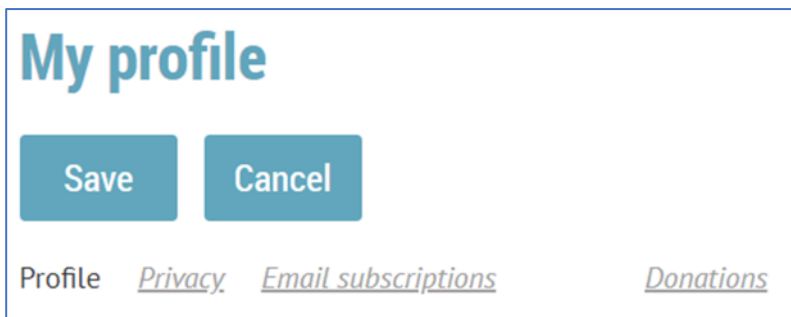

Photo albums I have photo albums
Do you have photo albums in your profile?

4. Click the **Save** button.

No file chosen

 Each photo may be up to **100MB** in size.
Supported file formats: **.jpg, .gif, .png and .tif**

10. Repeat steps 8 and 9 until all the photos for your album have been uploaded.
11. Add a caption for each photo and click the Save button.

The phrase, “I have photo albums” will be displayed under your name in the Member directory and in the Featured member section of the home page. SANP members may view your albums by clicking on your name in either of those locations.

To create another photo album, return to your profile page and repeat from step 5 above.
