January Monthly Meeting

Tuesday, January 26, 2016 6:30p Social 7p Meeting Goins Auditorium, Pellissippi State CC

Our presenter this month, **Dusty Doddridge**, will be presenting “Composition: Art in the Landscape” and will explore the elements of 2-D design in the landscape. The presentation will emphasize strategies for building expressive images

BIO

Dusty brings a unique perspective to the world of wilderness photography that comes from his background in outdoor adventure, sports, and travel. He continues to be inspired by the work of many photographers past and present including David Muench, Galen Rowell, Art Wolfe and artists working in different media. The landscape itself, especially wild areas, are what inspire him most; and photography provides a way to share some of that experience with others. His artistic vision involves photographing areas that are wild and beautiful while expressing the surreal nature of the landscape with a sense of mystery and adventure.

Connecting with others has been a common thread throughout Dusty’s work life, and he enjoys helping photographers achieve their artistic goals. He brings a lot of energy and enthusiasm to field workshops and digital darkroom training and seeks to help his clients achieve stronger, more expressive photographs. He enjoys taking complex subjects and simplifying them into core principles in order to

with strong compositions. In addition, he’ll be sharing images from some of his favorite locations and will have a handout of resources for each participant. Three signed prints will also be given away at the end of the presentation.

enhance the learning curve quickly and help clients develop creatively. Dusty has traveled extensively throughout North America as well as Iceland, Sweden, Denmark, Finland, Latvia, Belgium, Holland, France, England, Germany, Austria, Switzerland, Italy, Guatemala, and Romania. For the last 25 years, Dusty and his wife Kim have lived in Middle Tennessee.

1st Place, Scenic, 2015 Salon -- Paul Schubert

I used to envy the father of our race, dwelling as he did among the new made plants and fields of Eden.

But I do so no more.

For I have discovered that I also live in "creation's dawn".

The morning stars still sing together, and the earth, not yet half made,

becomes more beautiful everyday.
