# January Monthly Meeting

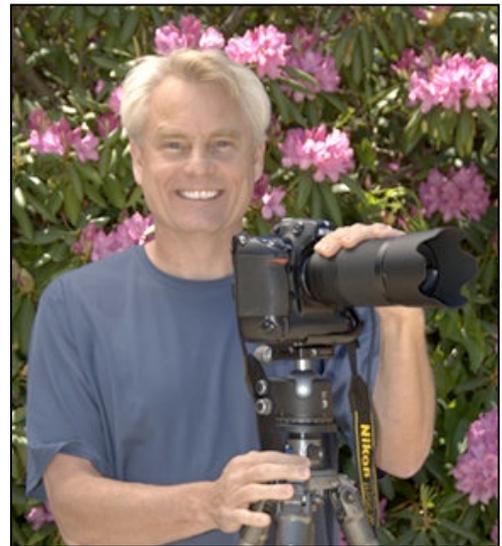

**Tuesday, Jan. 30, 2018** Social: 6:30p Meeting: 7p Watershed Bldg, Cedar Springs Presbyterian Church

Our presenter this month is North Carolina photographer **Kevin Adams**, who specializes in waterfall photography. With a subject as popular as waterfalls, you may wonder if there is anything new to talk about. Don't worry. Kevin will have you photographing waterfalls in ways you've never imagined. And you won't be putting your camera away once the sun goes down, as Kevin will introduce you to the unique world of nighttime waterfall photography.

You may think you've seen it all when it comes to waterfalls, but you haven't even come close until you've seen Kevin's program.

## BIO

Kevin Adams has always loved nature and the outdoors. He received his first camera as a birthday present in the mid 1980s. In 1994, Kevin wrote *North Carolina Waterfalls*, his first book. Since then, he's written and photographed nine additional books. He's had well over a thousand images published in books, calendars, magazines, and all sorts of other venues. Today, his photography business consists mainly of teaching and leading photo tours. (Continued on p. 2.)

Kevin Adams, January presenter for SANP.

**Newsletter Contents:** p. 2, More on Kevin Adams; p. 3, Meeting location; Meet Lou Rabinowitz; p. 4, Salon Updates; Ask Google; Meet Brenda Cover.

## Kevin Adams Bio, continued from p. 1

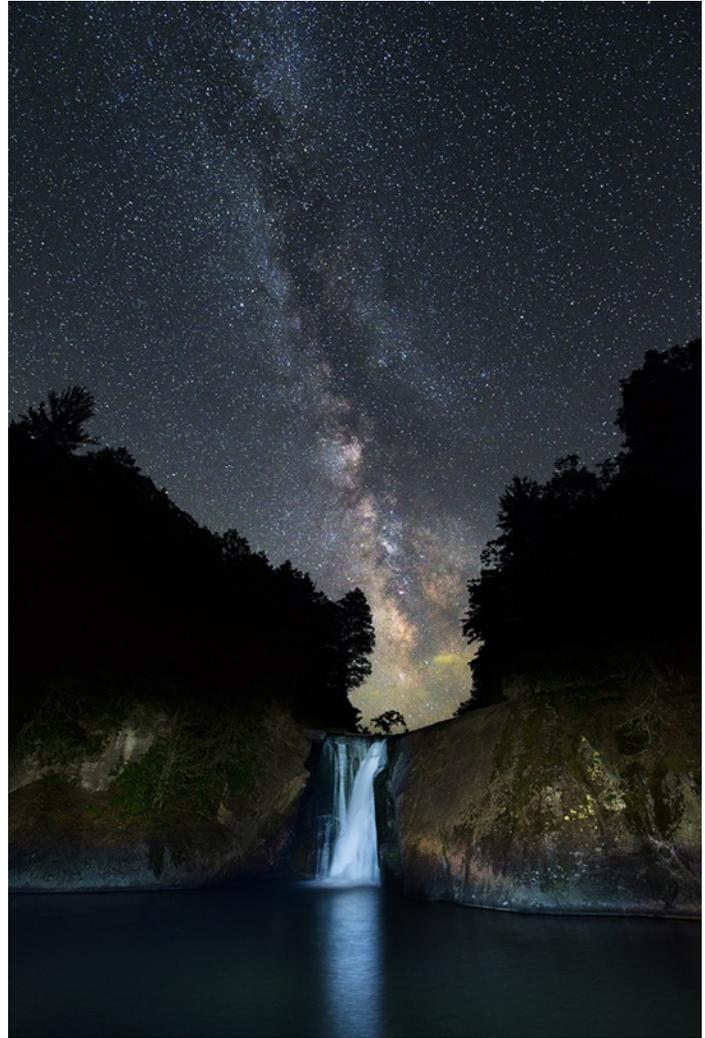

Kevin also runs an online store where he sells his books and a few other products. He has been called the MacGyver of photography because he's always tinkering in the shop making new photo gear. He sells a few products he invented in his online store.

Kevin and his wife Patricia live on a small farm in western North Carolina which is home to a variety of critters that regularly pop in for a visit. It wouldn't be a farm without farm animals, so they have the requisite chickens. Some are named after women on Star Trek and the others after women on Game of Thrones. They also have two cats, Lucy and Titan. Patricia has plans for adding goats, horses, guineas, honey bees and who knows what else to the farm. Kevin fears that soon he'll never be able to leave the house.

Kevin loves to hike, paddle his kayak, and gaze at the night sky. He especially loves to travel, to see new worlds and experience new cultures.

You can learn more about Kevin and the workshops he conducts at the following locations:

- His website Kevin Adams Photography (<http://www.kadamsphoto.com/>)
- His photography Facebook page, Kevin Adams Photography (<https://www.facebook.com/kadamsphoto>),
- His personal Facebook page (<https://www.facebook.com/lookoutbight?ref=name>).

*SANP's New Meeting Place:*

**Cedar Springs  
 Presbyterian's Watershed  
 Building**

To find the Watershed Building, Cedar Springs Presbyterian Church, go to 9132 Kingston Pike, Knoxville, by following these directions:

On Interstate 40/75, take the Cedar Bluff Road exit and travel to Kingston Pike. Turn left at the traffic light onto Kingston Pike. Turn right at the first light into the church parking lot (9132 Kingston Pike). Go to the fourth lane and turn right. The Watershed Building is straight ahead.

Once you enter the main door of the Watershed Building (shown in the photo below), walk straight back to find the Ramsey Cascades Room.

Watershed Building at Cedar Springs Presbyterian Church, Knoxville. *Copyright Ron Sentell.*

**Note to other new members:**  
 We would like to introduce you to the club in a future issue of the newsletter. Please tell us a little about yourself and include a photo or two if you want. Send to [info@sanp.net](mailto:info@sanp.net). Thanks!

**Meet a new member...**

**Lou Rabinowitz**, a newbie photographer, picked up a camera last March at the tender age of 64. An Oak Ridge resident for the past 40 years, Lou enjoys combining his love of hiking with his new hobby. His photographic interests lie mostly with forest still lifes and gritty city subjects. These subjects, while very different from one another, are due to Lou's upbringing in Western Pennsylvania where scruffy small towns that produced steel and coal were surrounded by gorgeous natural environs. He finds both surroundings hold their own special beauty.

One current project involves documenting the rapid changes taking place in the Highland Park neighborhood of Chattanooga where a friend has recently moved; another is simply making photos at the UT Arboretum, Haw Ridge, and other areas of Oak Ridge that catch Lou's eye. While documentation is of interest to Lou, he is most interested in learning to make photos as art.

Lou's long-time non-photographer friends' eyes glaze over when he begins to talk about depth-of-field, HDR, and composition. He's looking forward to having conversations with others whose eyes light up when the conversation revolves around such matters.

**Note: Important Changes**

**2018 SANP Salon Update**

Due to some scheduling oversights and/or mix-ups, there are two important changes to the dates for the 2018 Salon:

1. The Salon Banquet Dinner will be held on Saturday, **Mar 10**, not on Feb 24 as previously advertised.
2. The Salon Judging will be held on Saturday, **Feb 17**, not on Feb 3 as previously advertised.

The locations and times of both the Salon dinner and the Salon judging remain unchanged. The Salon Dinner reservation form will be made available on the website in early February.

If you have questions about the Salon, please contact Ed Dumas, [ed@eddumas.com](mailto:ed@eddumas.com), salon chair.

**ASK GOOGLE...**

What happens when you ask for photo tips? The top non-ad result pointed to Exposure Guide's [Top Ten Digital Photography Tips](#):

1. Use the rule of thirds
2. Avoid camera shake
3. Learn to use the exposure triangle
4. Use a polarizing filter
5. Create a sense of depth
6. Use simple backgrounds
7. Don't use flash indoors
8. Choose the right ISO
9. Pan to create motion
10. Experiment with shutter speed

**Bonus Tip: Invest more in learning and less in gear!**

Visit Exposure Guide's website to read the details on each tip.

**Meet another new member...**

**Brenda Cover** was born and raised in Roanoke, Virginia, surrounded by the beautiful Blue Ridge Mountains. After college, she moved to northern Virginia and worked in the mortgage banking industry for many years, followed by time with the Air Line Pilots Association, the Business Council, and then in her own corporate gift basket business. After losing her husband to cancer, she decided to leave the daily grind of DC Metro and move to Knoxville to be closer to family.

Brenda enjoys doing volunteer work, including delivering food for the FISH pantry and working with a local dog rescue. One can tell she is a huge dog lover from the photo at the right; she says her four dogs keep her constantly entertained.

Brenda Cover and three of her four dogs.

About photography, Brenda says, "I have owned a camera and taken pictures since I was in middle school, but now that I am retired, I am taking proper courses at UT and trying to learn as much as possible to hopefully improve my photography skills. I'm just starting to use Photoshop so my photos are pretty simple at this point. I just love getting outside and shooting the beautiful mountains of Tennessee."

**Welcome to SANP, Brenda!**

*SANP's New Meeting Place:*

**Cedar Springs  
 Presbyterian's Watershed  
 Building**

To find the Watershed Building, Cedar Springs Presbyterian Church, go to 9132 Kingston Pike, Knoxville, by following these directions:

On Interstate 40/75, take the Cedar Bluff Road exit and travel to Kingston Pike. Turn left at the traffic light onto Kingston Pike. Turn right at the first light into the church parking lot (9132 Kingston Pike). Go to the fourth lane and turn right. The Watershed Building is straight ahead.

Once you enter the main door of the Watershed Building (shown in the photo below), walk straight back to find the Ramsey Cascades Room.

**Note to other new members:**  
 We would like to introduce you to the club in a future issue of the newsletter. Please tell us a little about yourself and include a photo or two if you want. Send to [info@sanp.net](mailto:info@sanp.net). Thanks!

**Meet a new member...**

**Lou Rabinowitz**, a newbie photographer, picked up a camera last March at the tender age of 64. An Oak Ridge resident for the past 40 years, Lou enjoys combining his love of hiking with his new hobby. His photographic interests lie mostly with forest still lifes and gritty city subjects. These subjects, while very different from one another, are due to Lou's upbringing in Western Pennsylvania where scruffy small towns that produced steel and coal were surrounded by gorgeous natural environs. He finds both surroundings hold their own special beauty.

One current project involves documenting the rapid changes taking place in the Highland Park neighborhood of Chattanooga where a friend has recently moved; another is simply making photos at the UT Arboretum, Haw Ridge, and other areas of Oak Ridge that catch Lou's eye. While documentation is of interest to Lou, he is most interested in learning to make photos as art.

Lou's long-time non-photographer friends' eyes glaze over when he begins to talk about depth-of-field, HDR, and composition. He's looking forward to having conversations with others whose eyes light up when the conversation revolves around such matters.

**Note: Important Changes**

**2018 SANP Salon Update**

Due to some scheduling oversights and/or mix-ups, there are two important changes to the dates for the 2018 Salon:

1. The Salon Banquet Dinner will be held on Saturday, **Mar 10**, not on Feb 24 as previously advertised.
2. The Salon Judging will be held on Saturday, **Feb 17**, not on Feb 3 as previously advertised.

The locations and times of both the Salon dinner and the Salon judging remain unchanged. The Salon Dinner reservation form will be made available on the website in early February.

If you have questions about the Salon, please contact Ed Dumas, [ed@eddumas.com](mailto:ed@eddumas.com), salon chair.

**ASK GOOGLE...**

What happens when you ask for photo tips? The top non-ad result pointed to Exposure Guide's [Top Ten Digital Photography Tips](#):

1. Use the rule of thirds
2. Avoid camera shake
3. Learn to use the exposure triangle
4. Use a polarizing filter
5. Create a sense of depth
6. Use simple backgrounds
7. Don't use flash indoors
8. Choose the right ISO
9. Pan to create motion
10. Experiment with shutter speed

**Bonus Tip: Invest more in learning and less in gear!**

Visit Exposure Guide's website to read the details on each tip.

**Meet another new member...**

**Brenda Cover** was born and raised in Roanoke, Virginia, surrounded by the beautiful Blue Ridge Mountains. After college, she moved to northern Virginia and worked in the mortgage banking industry for many years, followed by time with the Air Line Pilots Association, the Business Council, and then in her own corporate gift basket business. After losing her husband to cancer, she decided to leave the daily grind of DC Metro and move to Knoxville to be closer to family.

Brenda enjoys doing volunteer work, including delivering food for the FISH pantry and working with a local dog rescue. One can tell she is a huge dog lover from the photo at the right; she says her four dogs keep her constantly entertained.

Brenda Cover and three of her four dogs.

About photography, Brenda says, "I have owned a camera and taken pictures since I was in middle school, but now that I am retired, I am taking proper courses at UT and trying to learn as much as possible to hopefully improve my photography skills. I'm just starting to use Photoshop so my photos are pretty simple at this point. I just love getting outside and shooting the beautiful mountains of Tennessee."

**Welcome to SANP, Brenda!**

## January Monthly Meeting

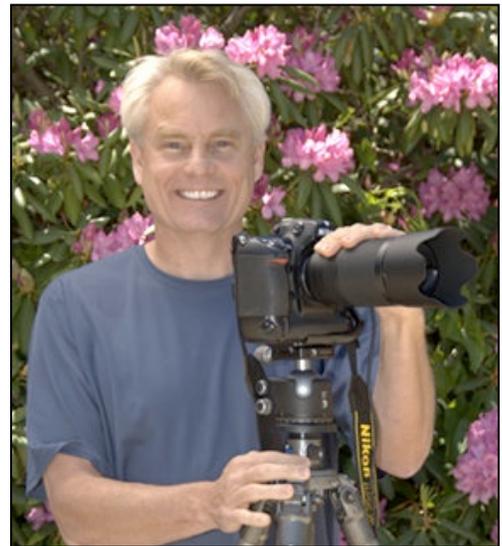

**Tuesday, Jan. 30, 2018** Social: 6:30p Meeting: 7p Watershed Bldg, Cedar Springs Presbyterian Church

Our presenter this month is North Carolina photographer **Kevin Adams**, who specializes in waterfall photography. With a subject as popular as waterfalls, you may wonder if there is anything new to talk about. Don't worry. Kevin will have you photographing waterfalls in ways you've never imagined. And you won't be putting your camera away once the sun goes down, as Kevin will introduce you to the unique world of nighttime waterfall photography.

You may think you've seen it all when it comes to waterfalls, but you haven't even come close until you've seen Kevin's program.

### BIO

Kevin Adams has always loved nature and the outdoors. He received his first camera as a birthday present in the mid 1980s. In 1994, Kevin wrote *North Carolina Waterfalls*, his first book. Since then, he's written and photographed nine additional books. He's had well over a thousand images published in books, calendars, magazines, and all sorts of other venues. Today, his photography business consists mainly of teaching and leading photo tours. (Continued on p. 2.)

Kevin Adams, January presenter for SANP.

**Newsletter Contents:** p. 2, More on Kevin Adams; p. 3, Meeting location; Meet Lou Rabinowitz; p. 4, Salon Updates; Ask Google; Meet Brenda Cover.

## Kevin Adams Bio, continued from p. 1

Kevin also runs an online store where he sells his books and a few other products. He has been called the MacGyver of photography because he's always tinkering in the shop making new photo gear. He sells a few products he invented in his online store.

Kevin and his wife Patricia live on a small farm in western North Carolina which is home to a variety of critters that regularly pop in for a visit. It wouldn't be a farm without farm animals, so they have the requisite chickens. Some are named after women on Star Trek and the others after women on Game of Thrones. They also have two cats, Lucy and Titan. Patricia has plans for adding goats, horses, guineas, honey bees and who knows what else to the farm. Kevin fears that soon he'll never be able to leave the house.

Kevin loves to hike, paddle his kayak, and gaze at the night sky. He especially loves to travel, to see new worlds and experience new cultures.

You can learn more about Kevin and the workshops he conducts at the following locations:
